Ice Cream Batch 30 L

The frame is made of stainless steel. Single touch open extraction door.

Nice and easy to clean the freezing cylinder. Product chute. Ribbon of frozen product flows down chute to separate dipping cabinet. Easily removable for cleaning or moving dipping cabinet.

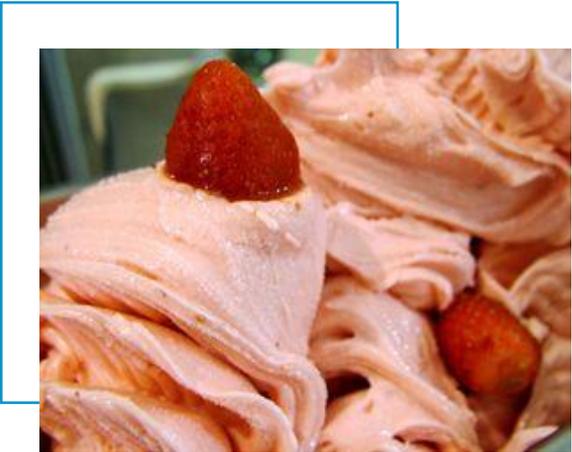

Mix Flow regulator. Easy to read markings allow operator to dial in the correct amount of mix flowing into freezing cylinder for proper consistency. Adjusts for operation from the front, back, or side, depending on space requirements.

Beater motor will not rotate unless door is in place.

Finger guards installed in opening of dispensing door.
