The rotational waffle making system is a tried and a tested method of making great waffles every time.

With it's automatic timer & thermostat with audible alarm which tells you when your waffle is ready, it is asy to use and requires no training.

Suitable for restaurants, cafés, buffets or breakfast buffet use with customers using as a self-serve option.

The waffle maker plates allow for the optimal distribution of the batter.

The omaj waffle maker features easy to use coated plates, interchangeable with the bubble waffle maker, so the waffles won't stick to the surface and can be easily removed once ready.
